

Without doing any working out on paper, write the answers to these sums:

1. $25 \div 5 = \square$

2. $36 \div 4 = \square$

3. $28 \div 7 = \square$

4. $21 \div 3 = \square$

5. $\square \div 6 = 7$

6. $\square \div 9 = 3$

7. $\square \div 2 = 8$

8. $\square \div 5 = 6$

9. $49 \div \square = 7$

10. $60 \div \square = 6$

11. $56 \div \square = 7$

12. $72 \div \square = 9$

These are easy if you know your times tables!

13. $32 \div 4 = \square$

14. $54 \div 9 = \square$

15. $\square \div 3 = 9$

16. $\square \div 8 = 8$

17. $35 \div \square = 7$

18. $36 \div \square = 4$

19. $63 \div 7 = \square$

20. $18 \div 9 = \square$
